Be sure to check all packing material carefully for small parts, which may have come loose inside the carton during shipment.

ASSEMBLY STEP:

After moving the Cabinet to it's final location in the room, install the glass shelves into the wood shelf frames as shown.

There are lights installed in the top of the Cabinet which are controlled by a touch - switch connected to the top hinge of the Left - Hand door.

For product and personal safety, a Furniture Tipping Restraint kit has been included with this unit which can help to minimize the risk of the unit accidentally tipping forward, if used and properly installed per the manufacturer's instructions.
